THE HICKMAN COURIER.

George Warren.

HICKMAN, KY.,
FRIDAY, : : APRIL 20, 1900.

ONLY a few weeks more and then the National contest for President of the United States will begin.

BOTH political parties will hold Conventions in Alaska in May to name National Convention delegates.

UP to the present no man has expressed a desire to go wild over Otis when he returns from his task of benevolent assimilation.

ADMIRAL DEWEY denies a report that he will withdraw from the race for President. What does Dewey say about it?

AN early report on trusts is expected to be made by the United States Labor Commissioner, who is now concluding his investigations.

"My platform is the flag," says Dewey. "I have no friends to reward and no enemies to punish," said Zachary Taylor. And Zach got elected.

THE scarcity of news in regard to our little scrap in the Philippines has led to the fear that the insurgents have captured Otis' typewriter.

EX-GOV. R. E. PATTON, of Pennsylvania declines to commit himself as to the boom for him for the Democratic vice presidential nomination.

THE Republican state convention is to be held in Louisville the 7th of next month, when delegates to the Philadelphia convention are to be named.

THE Populists of North Dakota split on the question of endorsing W. J. Bryan. The Middle-of-the-Roaders with drew and held a separate convention.

NEBRASKA Democratic leaders are said to be opposed to endorsing W. J. Bryan and to favor Bryan with either Towne or Dewey, on a silver platform.

NOW if "Uncle Sam" wants to take a hand in settling state elections, we are ready to submit, but to be frank with the old gentleman, we think it none of his affair.

ST. LOUIS may be made campaign headquarters for the Democratic national Committee, it is said, to the unfriendly attitude of the Chicago newspapers.

ONE of the earliest and most satisfactory developments of our new policy of government by force is that it also carries with it a peculiarly costly system of government by commission.

IT is reported in Washington that Henry C. Payne of Wisconsin will succeed Senator Hanna as chairman of the Republican National committee, but Senator Platt says there is no truth in it.

CALL. TOM PETT, of Owensboro, has called a conference of the Populists of this State for Louisville, April 25. Mr. Pett, it is understood, represents that element of the party which favors Mr. Bryan.

THE supreme court should and likely will settle the gubernatorial contest case within this month and send its mandate to the court of appeals. The people should, therefore, be patient. The trouble is all but over.

A NUMBER of highly complimentary mentions of Gen. Wheeler and the presidency have appeared in the papers, but the old hero assures his friends that the measure of his public services and pleasure has been filled to the brim.

THE Porto Rican tariff and governmental law will become operative May 1st. All the affairs of the island will remain in charge of the War Department until then. The rush for patronage under the new law has already begun.

THE date of the Republican State Convention is May 17th, and it will be held at the auditorium in Louisville. Taylor, if he is in a position to attend, will be one of the delegates from the State-at-large to the Republican Convention.

THE courts may be a little slow at times, and sometimes some litigants may think that decisions are not what they should be, but there are but few who do not agree that there are much better institutions than guns for determining disputes.

THE Democratic State Convention which met last week at Harrisburg, Pennsylvania, endorsed Hon. Wm. J. Bryan for the presidency and voted for the enactment of a law for ballot reform, personal registration and a more comprehensive primary election law.

LOCAL NEWS.

—The Fourth of July comes next. —Watches repaired at Buck's, good. —The ice cream and soda water season has arrived.

—Circuit court convenes in this city on the first Monday in next month. —I offer a lot of Mince and Children's Slippers at \$5, to close out. —H. C. ANDERSON.

—Senator Watson has gone to Washington to resume his duties as private Secretary of Congressman Wheeler.

—The fiscal court of Graves county has decided to work their roads with machines, and an appropriation of \$10,000 was made for that purpose.

—Mr. W. S. Crittendon, a prominent and well known grocery merchant, of Union City, dropped dead, of heart disease, in his store, Saturday last.

—Fresh Vaccine Pox and Lymph for sale at Cowgill & Cowgill's. —Captain J. W. Martin, of Woodland Mills, proposes to pay any man's expenses to Kansas City to see the President who can show 100 acres of better wheat than his.

—Parents will share the joy their child feel over the advent of the season for outdoor athletics, because no season of the year has so great an influence upon the health and morals of the young.

—Corn is making now. The price is about one-third higher than six months ago. In figures this advance amounts to \$2,000,000 on the annual crop, or about \$5 to every man, woman and child in the United States.

For Sale.

Fine Brown Leghorn eggs, 50 cents per setting of 13. M. L. ELLISON.

—The busy season for the farmers has come, and activity among them is everywhere noticeable. Some have planted corn and many more are ready to plant. Wheat looks well, and prospects in general seem encouraging.

—The beautiful show windows of our large dry goods and millinery establishments attract constant and almost universal attention by the handsome goods displayed therein and the artistic manner in which they are arranged.

—The years 1900 and 1901 will constitute the greatest centennial taking era in the history of the world. Besides this country, fourteen of the principal European nations, and "count noses," but the census of the United States is to be more extensive than that of any other nation.

DO YOU INTEND to paint your house this Spring? If so, see SWAYNE, The Druggist. He handles mixed Paint, Oil, Turpentine, Varnishes, Stains, Hard Oil Finish, Etc. Prices right.

—The Woman's Health Protective Society of the various cities which have worked effectively against expectoration in public places, and against the depositing of garbage on the street, would do well, says an exchange, to start a crusade against trailing skirts. Not only are the incompatible with personal cleanliness, but they are dangerous conveyers of disease.

—There certainly never was a better season for the farmers in the bottom to get their lands ready for planting. There has been no floods, and the farmers in the lowlands are right up with their work, a little in advance of their hill neighbors. The bottom farmers are at least three weeks ahead of what they usually are at this season of the year.

New Wall Paper

We have just received our Spring Stock of Wall Paper, beautiful patterns at very low price. Call and make selection. Wilson's Book Store.

—An exchange makes the following suggestion which should be heeded by the purchasing public: "When you receive flattering announcements through catalogues sent out by mammoth supply houses, and list cities just set into your local merchant's store and price the same article that has attracted your attention in the catalogue. In most cases you will find it as cheap in price, often better in quality and then you save express or freight in the cost of patronizing a home industry."

—A party of young ladies and gentlemen from Union County, 12 in all, visited Hickman Cemetery, Sunday, and despoiled some of the graves of loving hearts, and hereafter the law should be vigorously enforced, no matter how respectable the perpetrators.

IF you want Style, Fit, and, especially, Quality, in MISSES AND CHILDREN'S SHOES, it will pay you to see our lines. KICE & NAYLOR, Club Shoe Store.

—Smith Hogan, who was sentenced to 18 months' confinement in the state prison at Nashville, Tenn., on the federal court, two weeks ago, on the charge of counterfeiting, at his home near Hickman, wrote to Nashville, to Deputy United States Marshal LaRue yesterday afternoon for incarceration. It will be remembered that Hogan, discovering that he was to be arrested, threw his wife into a pond, where his brother and Henry Hawk, who were arrested with him, were acquitted of connection with the counterfeiting. —Pacheco Register.

—Here is a pretty good one on the conductor as related to an exchange: The car was full of passengers, one of them being a big fat negro woman with a child in her arms. She was crying and was trying to console it. "Stop that crying child, don't you see you mammy with that fat child?" With this remark, she offered the breast to the child, but it wouldn't take it. Coaxing it, she said: "Hush, you squallin' black nigger, and take yo' supper, if you don't get up here in a minute, I'll be in the car with you." The rear that went up in the car was deafening. The conductor went into the baggage coach about.

The Right Way!

THE ONLY WAY in which our store wishes to disappoint you is in giving you just a little better of everything than you are led to expect from the prices. We want you to feel that it's the LEADING STORE under all conditions—that it's always the best results we aim at. That our policy is appreciated by thrifty buyers, we have every evidence.

Early Spring Specials.

Elegant Bed Lounges,

from \$10.00 and upward.

Oak Hall Trees, only \$8.00.

Iron Beds, from \$7.00 to \$16.00.

YOU'VE HAD THE ITEMS IN MIND—your Spring house-cleaning has only intensified their need.

IF YOU KNEW you could secure them at such reasonable prices—if you knew they were so handsome—they would have filled a place of honor in your house long since.

It Isn't Too Late Now!

It's really an excellent month for their purchase.

"Just a little more than your money's worth," is sending our business forward—it's making many new friends for us.

Remember, we have the largest Stock of UNDERTAKERS' GOODS in Western Kentucky.

STEPHENS & SMITH.

LET THE ISSUES DIE. Give Us New Men as Candidates.

It now appears that we shall have to elect a Governor next November, and as one of the people we protest against such a personal campaign as was waged last year. We hope both the Republican and Democratic parties will get as far away from the personalities involved in the Gobel-Brown Taylor fight as possible. We suppose, of course, that the acts and doings of the party leaders since that election will have to be reviewed by the people, but it would be best for the party nominees, Democrat and Republican, to be as far removed from personal identity with that campaign's personal matters as possible, and to be men of such known integrity and ability as will inspire the confidence of the whole people. For the reasons here suggested, the Democrats can best Taylor, should be the Republican nominee, much easier than any other Republican in the State.

By the People.

The House of Representatives, last week, passed a joint resolution in favor of a Constitutional amendment for electing United States Senators by the people. There is little importance in this, however. The House for years has been willing to pass such resolutions. It is in the Senate that they always stick. The Senate does not wish to get any close to the people than it has to be.

CITY COUNCIL RESOLUTIONS.

At a called meeting of the City Council, held on the 17th inst., the following resolutions were enacted: On motion, it is ordered that every property owner in the city be required to clean up and put his property in order, and to scatter lime about, and use house, or any place where there may be developed.

On motion, it is ordered that the Mayor shall arrest and isolate any person he may have reason to suspect of having been exposed to small pox.

On motion, the city not having evidence of successful vaccination, a cash of \$500 per day for every day falling so to do. On motion, it is ordered that each citizen as prove their inability to comply with above law of taxes.

On motion, it is ordered that a committee be appointed to secure a formal disinfesting such place as the business of the city may think desirable. Mayor Dillon appointed the commission. Cowgill, Ellison and Davis as said committee.

Worse Than George III.

"Mark the resemblance in the proposition of George III to tax the colonies, and our own Porto Rican tariff bill. The duties in each case, both past and future, are to be set aside for the benefit of the coast. One difference is that, while our measure taxes merchandise both going to and coming from Porto Rico, the British bill taxes only a limited number of articles coming to this country, did not tax our exports, and this difference is in favor of King George."—Senator Proctor (Rep.).

It is almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by Cowgill & Cowgill, Hickman and A. M. Shaw, State Line, druggists.

Spreads Like Wildfire.
When things are "the best" they become "the best selling." Abraham Hare, a leading druggist of Belleville, Ohio, writes: "Electric Bitters are the best selling bitters I have handled in 20 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tone up the stomach, regulate the liver, kidney and bowels, purify the blood, strengthen the nerves, hence cures all kinds of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by all Druggists."
—Dewey's offense seems to be that he married into good society.

Remarkable Cure for Rheumatism.

KENNA, Jackson Co., W. Va. About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. R. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a bottle and used it according to directions and the next morning she walked to breakfast without assistance in any manner and she hasn't had a similar attack since.—A. B. Parsons. A Cutting Reply.

Tristram Burgess, of Rhode Island while a member of Congress, was called by Mr. Chamberlain, of New York. The bald-headed old vulture from Rhode Island, "whereupon Burgess, in contempt, replied to Chamberlain (who had a thick tuft of hair on his head) as follows:

"Mr. Speaker: In what other assembly on earth has the bald head been used as a term of reproach?"

"Has the gentleman passed so far beyond the vigor, bloom and modesty of juvenescence that he has forgotten that amiable instinct in nature which warns youth to pay that consideration to age which it may desire for itself?"

"This inconvincence, or if you please sir, imperfection, I assure the gentleman, no joke, though he seems to be original in using it as such. It has been suffered by some very great men, but quite rarely, if ever, has it been expressed by very little ones."

"Men better than I have been reviled by men no better than he. Washington was called a hoary-headed impudence, by a vagabond of almost unparalleled mendacity and impudence."

"Caesar is said to have been more grateful to the Roman people for granting him the privilege of wearing the laurel crown than for any other of their gifts, for the wearing of it enabled him to conceal the exterior baldness of his head. But if it be true, as Chamberlain tells us that what nature has denied man in wit, she has made up to him in hair, then the gentleman should be in a laurel crown, would never like Caesar, have occasion to wear it for lack of that commodity."

Who, sir, reviled the prophet returning from the blazing furnace? The bird of Jove, and not the vulture, is the soaring wonder among men called the bald eagle; and sir, never was that bald eagle in his pride of flight, hawked at and brought down by the mousetrap of wit."

The Great Paris Exposition.

The present French Exposition which opened last week, will attract greater interest than any previous effort made in Paris to display before the world the products of the various nations. Every government of any importance will be represented, and in the way of sight seeing and the gathering of general information a visit to it will be equal to making a tour of the world.

Owing to the broad views and the public spirit early manifested by the American people regarding this enterprise, and to the liberality of Congress in providing means for organizing a creditable and attractive American section, our country has secured a representation which will arouse universal interest.

The increase in our commerce with European nations which will result in this case, and extensive display of products will without doubt enlarge our foreign trade to such a marked degree that the country will be repaid many times for the expense incurred in this case. The government. The friendly intentions which will take place between prominent and influential people from all lands will do much, it is trusted, to bring about better understanding between the countries and to foster that good will which is now necessary among nations in securing an era of harmony and peace.

Millions Given Away.

It is certainly gratifying to the public to know of one so generous, and not afraid to be generous. The proprietors of Dr. King's New Discovery for Consumption, Cough and Colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, Bronchitis, La Grippe and all Throat, Chest and Lung diseases are surely cured by it. Call on any druggist and get a free trial bottle. Regular size 60c and \$1.00. Every bottle guaranteed.

\$17,000,000.
Hickman Man Heirs \$2,000,000.

T. L. Eyersol, the Miller, The Man.

What appears to be a reliable information was received in Hickman Wednesday by Mr. Theodore Eyersol, after he was confined by pneumonia in the St. Louis papers to the effect that the Eyersol family had fallen heir to an estate of \$17,000,000 from deceased relatives in Holland. The inheritance is from the estate of Ludwig Fischer of Holland, who died nine years ago. At the time of his death there appeared in the New York and St. Louis papers, advertisements inquiring for the American heirs of the late Earl Ludwig Fischer (for he was an Earl of Holland). In this way the Eyersols of Springfield, Mo., first came to the information of the death of the Dutch Earl, and relative. Even then Brand Theodore Eyersol had so little confidence in it that they did not take any active steps, but a sister, Mrs. Amery left more hopeful, commenced correspondence, and employed a lawyer with the allied above results. Dr. and Theodore Eyersol signed the necessary papers authorizing the lawyer employed by Mrs. Amery to represent their interests. The lawyer made 3 trips to Holland, and has just returned from there, claiming that the Eyersol heirship has been fully established and is now ready for distribution. In the distribution Mr. Theodore Eyersol of Hickman gets \$2,000,000.

Mr. Theodore Eyersol, the lucky man, had lived in Hickman the past 3 years, engaged in the mill business. He is a poor man, intelligent, frugal, industrious and a capable miller. Because of his experience and capacity as a miller he has usually been willing to put their money in partnership as against his qualifications. When first told by wire of his good luck, naturally he was somewhat elated but not disconcerted.

"Now I say I'll show these Hickman people how to build a good mill." He says that all the preceding proceedings and facts, causes him to believe that the publications in the St. Louis papers are substantially true and that if true to the fullest expectation that he expects to remain a citizen of Hickman.

PRIMARY JUNE 2ND. Candidates Must Enter on or Before May 20.

The 1st District Dem. Congressional Committee which met in Fulton, Tuesday pursuant to call of Chas. Mott, has decided to hold a primary election on or before May 20th for the purpose of nominating a Democratic candidate for Congress. It was further resolved that if not more than 10 Democratic candidates should announce on or before May 20th that the primary election be declared off, and the announced candidate be declared the nominee by the Executive Committee. Congressman Wheeler is now a candidate for re-election, and the opinion prevails that there will be no other candidate.

ELECTION OF SENATORS.

The almost unanimous passage by the House of Representatives of a joint resolution proposing an amendment to the Constitution for the election of United States Senators by the people, direct vote shows that the House at last believes the Senate should be brought closer to the people. The resolution as first presented to the House, left it to State Legislators to say whether or not the people of a State should vote directly for Senators, but an amendment making a vote by the people compulsory was adopted and the national features of the proposed amendment.

It is evident that recent events and investigations in the Senate had much influence in securing this large vote in the House, 246 members voting for the resolution.

Not Coming South.

The Washington Post interviewed an authority on the movements of population the other day who declared: "Immigration is going to the northwest instead of south this year. The farmers of Michigan and Indiana who have been living on rented farms here, buying land in the Dakotas, where it can be purchased for \$15 and \$20 an acre. The soil is good, the climate is healthy, and the markets are better than they have been for years."

Scientific Wonders.

During the last year magazines and newspapers have devoted much space to the discussion of the possible uses of liquid air as a factor in manufacturing development and as a new motive power. To the public in general, liquid air is yet only a name, a mysterious element, a chemical discovery, not a new one, but one brought prominently now into notice by the fact that it has been made cheap enough to remove it out of the field from mere experimentation and make it useful to the manufacturer, a motive power easily handled and controlled, and producing greater results than the existing modes of supplying stored energy.

Steam and electricity had to win their way against opposition conducted by able men well founded. Liquid air, after the same kind of a conflict, also will win a commanding position as a necessity to the development of man and progress.

Our Delinquent Tax List.

The Hickman Courier reported delinquent tax payers in Fulton county, about one fourth the vote of the county. This is a bad showing for a Hickman sheriff—Clinton Democrat.

As a matter of record and for the benefit of Mrs. Walker, we publish these facts: In 1897 the Fulton county tax list was \$200,000. At that time E. H. Johnson was sheriff. In 1898 the delinquent list was \$300,000. In 1899 it was \$400,000. In 1900 it was \$500,000. In 1901 it was \$600,000. In 1902 it was \$700,000. In 1903 it was \$800,000. In 1904 it was \$900,000.
